

Kiilto Clean Laattapesu

Acidic cleaner for newly laid ceramic tiles and removing so-called grout film and other grout residue from the glazing.

AREA OF APPLICATION

Kiilto Clean Laattapesu is an effective cleaner for removing grout film and residue from newly laid ceramic tiles and acidic-resistant stone surfaces. Suitable also for removing rust and limescale from ceramic tile surfaces and sanitary porcelain. Kiilto Clean Laattapesu is corrosive. Not suitable for marble or limestone.

INSTRUCTIONS FOR USE

Always wet the surface before applying Kiilto Clean Laattapesu cleaner. Normal use: Kiilto Clean Laattapesu is diluted 25–50 ml to 5 L lukewarm water, use a plastic bucket. Apply on the surface and let take effect 10–20 minutes, then rinse with plenty of water. Use of a brush or sponge will improve and speed up the cleaning result. Undiluted Kiilto Clean Laattapesu cleaner can be used for stubborn rust and limescale.

ENVIRONMENT AND SAFETY

Avoid unnecessary skin contact and exposure with the fresh product, use safety gloves. Refer to material safety data sheet. For information on product and package disposal, visit www.kiilto.com.

pH	Non-diluted approx. 1
DENSITY/SPECIFIC WEIGHT	1.0 kg/l
TYPE/BINDER	Methanesulphonic acid Non-ionic surfactants (<5 %)
PACKAGE SIZES	0.5 l plastic bottle
STORAGE	Can be stored above +1 °C in a tightly closed original container max. 3 years. Stir well before use.
