

Kiilto Maalarinpesu

An alkaline detergent for cleaning water-resistant interior and exterior surfaces prior to painting. Suitable, for example, for painted walls, ceramic tiles, sheet roofing and other metal constructions as well as for concrete floors. Rinse off.

AREA OF APPLICATION

Kiilto Maalarinpesu is an alkaline, effective detergent for cleaning surfaces prior to painting. Removes dirt and soot easily from sheet roofing, metal storm-water systems and other sheet metal parts. Suitable for removing greasy dirt from concrete and metal floors, e.g., in industry halls, garages, service stations, engine rooms and repair shops. Excellent for removing dirt and grease from heavy-duty vehicles and earth-movers. The product has no specific, obtrusive scent. It is completely water-soluble and suitable also for washing oily grease.

INSTRUCTIONS FOR USE

The dilution is brushed on the surface. Warm water improves the final result. With very dirty surfaces, let the dilution stand for a moment before rinsing. Rinse clean properly with warm water and allow to dry before painting. Rain will improve the result when rinsing the detergent off of sheet roofing or other exterior surfaces. Surfaces that cannot be rinsed are wiped twice with a cleaning equipment dampened with clean water and then dried.

Use 1/2–2 l/m² of dilution depending on the quality and quantity of the dirt.

| Diluting | Maalarinpesu (parts) | water (parts) |
|---------------------------------------|----------------------|---------------|
| Usual wash prior to painting | 1 | 20 - 50 |
| Sheet roofing and metal constructions | 1 | 10 - 20 |
| High pressure scrubbing systems | 1 | 10 - 100 |
| Oily surfaces | 1 | 5 - 20 |

ADDITIONAL INFORMATION

The information given in this product data sheet is based on our tests and our practical knowledge. The technical data is defined in standard conditions. Variations in local working conditions and methods will affect the product performance and result.

Lopputulokseen vaikuttaa merkittävästi myös työn suoritus tapa. We guarantee the high quality of our products according to our Quality Management System. No liability can be accepted from incorrect use
